

Getting the Most from Your OMNIASM Health Plan

As an OMNIA Health Plan member, you have the freedom to get care from any doctor, specialist, or hospital participating in our managed care and hospital networks. You don't need to choose a Primary Care Physician (PCP), and you don't need referrals.

It's important to understand, however, your care must come from doctors, hospitals and other health care professionals that are in network. Your OMNIA Health Plan does not include out-of-network benefits, unless it is a true medical emergency.

OMNIA Tier 1 vs Tier 2

With your OMNIA Health Plan, doctors and hospitals are grouped into two tiers – OMNIA Tier 1 and Tier 2. Your out-of-pocket costs depend on which tier the doctor or hospital is in.

OMNIA Tier 1 Lower out-of-pocket costs
Tier 2 Higher out-of-pocket costs
Out of Network Coverage for emergency care only
